

Ice cream mix

# Scoop ice cream

Liquid ready-to-use ice cream mix for classic ice cream (scoop ice cream). Made on a basis of fresh milk and cream (100% cow's milk), ultra high heated. Available in a basic vanilla variety as an ideal base for your own individual ice cream creations. The fat content and recipe can be customized on request. Also available with your own branding.

## Use

- › Production of classic ice cream (scoop ice cream) by using a standard batch freezer / ice cream machine
- › Basic mixture with a light vanilla note for easy production of your individual ice cream creations by adding your own ingredients such as fruit purees, pastes, sprinkles, nuts, etc.
- › Ideal as a base mix for artisan ice cream production in ice cream parlors and cafes

## Product benefits

- › Full-bodied milky-creamy taste
- › Large increase in volume
- › Creamy consistency with good formability for perfect ice cream scoops
- › High-quality milk fat base without palm fat
- › Ice cream base free of preservatives and additives that have to be declared on menus
- › Ready-to-use liquid mix for easy handling: mix with own ingredients and freeze - ready!
- › Long shelf life even when stored unrefrigerated
- › Space-saving storage in the warehouse thanks to stackable and stable bag-in-box packaging
- › Excellent processing properties when prepared in all commercially available types of ice cream machines and batch freezers
